**VETERANS NOT YET RETURNED.**Actual Work With Team is Somewhat  
Held Back.

EUGENE, Sept. 27.—Six veterans of the University of Oregon football team have not yet arrived, and actual work on the team is somewhat held back. The men who have not yet come are Hammond, McIntyre, Scott, Arnsperger, Zacharias, Clarke and Gillis. Gillis hardly expected to return and that leaves a vacant place at center.

While the university has plenty of time to get ready, the first game with Pacific University coming October 16, the management desires that every man who is a possible candidate shall be gotten out. The whole institution realizes that the men on the team must work to win in order to keep the coveted honors.

O. A. C. and Washington State College are putting forth most strenuous efforts, both on the gridiron and in hunting men. O. A. C. has Bundy, a well-known athlete. Captain Pendergrass and Coach Norcross going over the whole of Oregon to get players. Bundy has been going through Southern Oregon and there struck a number of university students and tried to turn them into farmers. So far as known his reception was a little cold.

Coach Norcross, it is said is going through Eastern Oregon. The methods are much the same as those of Yost, and Norcross represents that man in his style of work very much in his vigor and rigor of training.

Oregon at the present time fears Pull-

man and Washington more than any other foe. Rader, the Willamette half-back, has gone to Washington State College, and every man from any other state is heartily welcomed. As a result Coach Bender will have a crack team, as good as last year's.

The O. A. C. game will be a hard fought one also, for the experience of last fall have filled all university hearts with ire, and the contest should be most interesting. All the old-time rivalry between the institutions is aflame, and O. A. C. desires to defeat the 'varsity as much as Oregon wants to beat them.

**FAMINE KILLS TWO MILLION.**

Estimated That Number of Chinese Perished in Six Months.

LONDON, Sept. 27.—The Church Missionary Society has received information it is estimated that 2,000,000 persons perished by famine in Kiang-Su and neighboring provinces during the first six months of this year. Owing to the excessive rainfall last summer the crops entirely failed and food is now unobtainable.

The starving people have been reduced to subsisting on leaves and grass, and are even eating white clay.

**An Insidious Danger**

One of the worst features of kidney trouble is that it is an insidious disease, and before the victim realizes his danger he may have a fatal malady. Take Foley Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's Disease and diabetes. T. F. Laurin, Owl Drug Store.

**RECOMMENDS CHANGES.**

Board Appointed After Explosion on Georgia.

WASHINGTON, Sept. 27.—Secretary Metcalf today made public abstracts from the report of what is known as the "turret board." The appointment of the board followed the accident on board the battleship Georgia, when, as the result of a "flareback" in one of the eight-inch turrets during target practice, a smokeless powder charge was ignited and 11 men on duty were killed.

The board recommends safer installation of electrical appliances, removal of combustible material, greater protection from fire, and improvement in the gas ejector system, which it is believed will prevent the occurrence of flarebacks.

The changes recommended for the turrets are practically embodied in the plans for the 12-inch turrets of the new battleships New-York and Delaware, but it is proposed to bring the turrets of all types of the ships now in commission up to the same efficiency, giving structural separation of the guns from the magazines.

**HALSEY SUFFERS.**

Physicians State Briber is Unable to Face Trial.

SAN FRANCISCO, Sept. 27.—The bribery case of Theodore V. Halsey, former agent of the Pacific States Telephone Company was again postponed to-day for a week by Judge Dunne. Halsey's attorney wanted a continuation of six months and in support of his request presented a statement signed by seven physicians, stating that Halsey's condition is still critical. He is suffering from the effects of an operation for appendicitis.

**HOUSEHOLD CARES.**

Tax the Women of Astoria the Same as Elsewhere.

Hard to attend to household duties With a constantly aching back.

A woman should not have a bad back, And she wouldn't if the kidneys were well.

Doan's Kidney Pills make well Kidneys.

Mrs. A. E. Cummings, of 244 Clackamas street, Portland, Ore., says: "Kidney complaint and backaches clung to me for a long time and often I suffered very severe attacks of it. Sometimes it was a dull heavy aching over the kidneys, and again sharp acute pain in the small of the back. The kidney secretions passed too frequently and often with pain. I had tried several remedies with poor results and was finally induced to use Doan's Kidney Pills. They helped me very quickly and continuing their use I soon found relief from the aches and pains. The action of the kidney secretions was also strengthened to a great extent. I recommended Doan's Kidney Pills in our papers three years ago. I am always pleased to say a good word for this remedy and am glad of this opportunity to confirm my former testimony."

Plenty more proof like this from Astoria people. Call at Charles Rogers' drug store and ask what customers report.

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
